

This is probably my 9th trip with AMG and I really think it was the best of all! The agenda, the food, the fellowship was wonderful, and then almighty God provided the most beautiful weather and scenery possible! Thanks to the entire Agents Marketing Group family for all that you do! Looking forward to Tucson!

"Sam and the team at Agent's Marketing Group did an awesome job of planning the trip to Biltmore Estates! It was indeed a first class event! Jimmy and I thoroughly enjoyed being able to spend time with everyone."

The whole time was very well organized and a great experience. Priscilla and I really appreciated being a part of this meeting and it was great to meet and spend time and get to know more neat folks.

This was the first time to the Biltmore for both of us and it was a great experience. We really enjoyed our bike ride!
