iGo “In Good Order” through iPipeline

The iGo process is a full electronic application. Electronic signatures are required.

[^]Carriers conduct telephone interviews and order the labs and paramed exams.

Express Complete Simplified Electronic Applications

No signature is required to submit a drop-ticket through Express Complete. A telephone interview will be completed to obtain client’s personal and medical information. The carriers order paramed exams and labs.

*You must be appointed with the carrier before gaining website access.

Individual registration is required to use iGo or ExpressComplete platforms. AMG office staff will approve your access to ExpressComplete but not iGo - iPipeline approves access to their platform separately.
